## SELF PROPELLED SCISSOR LIFT

**11.80m (38ft 7in)**  
Working Height

**340kg (748lb)**  
Platform Capacity

**1.22m (4ft)**  
Chassis Width

The **UpRight X32** electric scissor lift is a medium sized working at height platform that is a safer alternative to using aluminium towers and ladders.

A working height of 11.80m, a single extendable deck with narrow aisle, non marking tyres and great mobility makes the UpRight X32 electric scissor lift the ideal powered access platform for safe working at height indoors or on solid surfaces externally. Ideal tasks for the UpRight X32 electric scissor lift include: fitting out offices and retail units, electrical contracting, cleaning, plumbing, warehousing, painting and decorating.
